JAMES CALBY

IOS DEVELOPER

PROFILE

My technical skills include iOS & Web development, as well as developing user-friendly solutions on time that would enable me to step into a software engineering role. Excellent communication and creative skills, I am a passionate and imaginative iOS developer who is constantly striving to learn new technologies. I look forward to contributing to the success of your next app project.

EXPERIENCE

Independent iOS Contracting

Contracting / 2018 - 2019

- Responsible for building a high-quality social networking mobile application that will cater US Military Veterans. Currently working in both Swift and Objective-C including the development of the UI and content managment systems.

Mobile / Web Peer Tutor

Full Sail University / 2016 - 2018

- My responsibilities as a peer tutor were to help, advise, and teach other students struggling in both the Mobile and Web development programs. In the nearly 18 months that I worked as a peer tutor, I was able to help over 60 students to better understand course material that included C-sharp Swift Java SQL and mobile design.

Javascript Developer / Visual Designer

B-Scada / 2014 - 2016

- As the Designer / Programer I have the responsibility of Designed and implemented automated testing tools and programs addressing areas including database impacts, software scenarios, regression testing, negative testing, error/bug retests and usability along with creating user experiences utilizing principals of SCADA design to deliver intuitive design solutions that help company's achieve their goals.

EDUCATION

Bachelor in Mobile Development

Full Sail University / GPA 3.7 / FL / 2016 - 2018

Bachelor in Animation and Visual Effect

Academy of Art University / GPA 3.5 / CA / 2008 - 2013
